Hello all,  
As we approach March, it is time to revisit public meeting preparation for the FS. How does the proposed time work for your schedule? if you are not able to attend in person, a conference number will be provided.

Tentative time and location: Feb. 9, at 2pm, EPA Oregon Operations Office.

Potential agenda items:  
FS agenda review  
Tentative dates for public meetings  
Potential locations for public outreach meetings  
Availability of FS to public - repositories  
Other agenda items?  
(See attached file: FS Agenda.docx)

Subject: Draft FS outreach planning

Alanna, Chip, (and Dan too - just for old times' sake!)

Thanks for your time in January to talk about public outreach and the Draft FS. At that time you indicated we should look toward getting back together to be more specific about public education/outreach meetings and when they should occur this spring - after the Draft FS is submitted. As we agreed, these meetings could represent the best opportunity for the LWG, EPA, DEQ, EHAP, CAG and others come together so we can educate the public about the Draft FS as well as how it fits into the broader process leading up to public involvement on the proposed plan. Last fall we had been working with Dan and Alana on potential draft agendas for meetings. We think it is time to revise our planning sessions.

While everyone is really busy these days and weeks, I think we need to carve out time to have a few calls or meetings in the next couple of weeks. We had set aside some time on Thursdays at 2 p.m. for some of these early planning calls. Would a schedule like that work for you in February? We could also try to do something in person before the CAG meeting on the 8th?

As with our past efforts, Diane Mayse in my office is ready and willing to provide all the admin support for the calls and planning. Just let us know where and when.

Thanks

Barbara
